How To add an ArcGIS service in ACAD Civil 2011

1. Install the ArcGIS for AutoCAD tool: http://www.esri.com/software/arcgis/arcgis-for-autocad/index.html
2. Click on the add map service button:
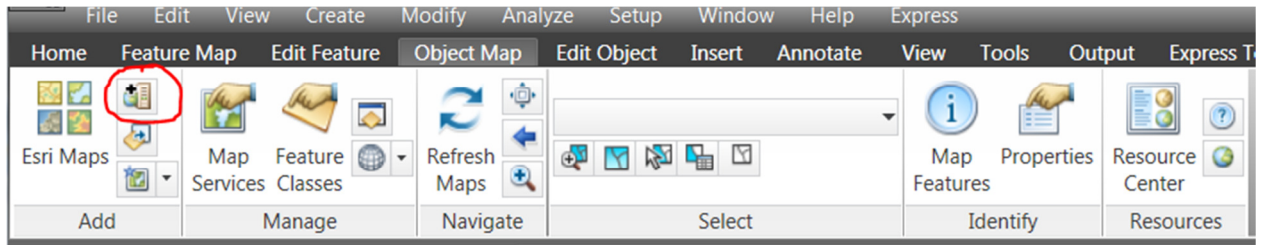

3. In the Add Map Service window, Server URL type:
    (for Westfield): http://maps.westfield.in.gov/arcgis/services/
    (for Hamilton County): http://gis.hamiltoncounty.in.gov/ArcGIS/services
    (for Indiana Department of Transportation): http://dotmaps.indot.in.gov/arcgis/services
    (for Indiana University): http://gis.uits.iu.edu/ArcGIS/services or http://igsmap1.indiana.edu
    (for Marion County): http://maps.indy.gov/arcgis/services
    (for Indiana Map): http://129.79.145.13/ArcGIS/services

    Then click on connect. Now you can choose under the Map Name, what services to add to your ACAD drawing.
